

CHOOSEATL

WHAT IS CHOOSEATL AFTER 5?

The vitality of our region is contingent on positioning Atlanta as the ideal place for highly-skilled talent to live, work, and play. In partnership with InterNavigator, ChooseATL brings you ChooseATL After 5, the first program of its kind that focuses on giving interns at Atlanta-based companies an experience they will never forget. In 2016, we had over 500 interns from 40 different companies participate in ChooseATL After 5. Through this program, employers have the opportunity to send their interns to be ambassadors for their company while introducing them to Atlanta's rich lifestyle and culture.

HANG OUT WITH PEERS

Interns love connecting both socially and professionally with those who are similar to them. By partaking in ChooseATL After 5, interns have the opportunity to build a strong network of like-minded people.

EXPERIENCE ATL LIKE A LOCAL

During their time in Atlanta, many interns don't have the opportunity to explore different parts of the city. We create gatherings in different neighborhoods that expose interns to the local gems that Atlantans love.

VIP EXPERIENCES

From restaurant crawls on the Atlanta BeltLine to private concerts and art exhibits, we provide unrivaled VIP access to some of the city's most desirable spots.

ESTABLISH A NETWORKING SPACE

We offer networking access to top-tier executives in a causal, laid back setting. Welcome your interns to our city by introducing them to business and community leaders, which in return will retain young talent and grow our region.

CREATE AN UNFORGETTABLE SUMMER

ChooseATL After 5 forms bonds and encounters reminiscent of Atlanta's culture. Once exposed to the magic this city holds, our hope is that interns will choose to start or maintain their lives here in metro Atlanta.
